

Pupil premium strategy statement - Floreat Wandsworth Primary School

This statement details our school's use of pupil premium (and recovery premium) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the outcomes for disadvantaged pupils last academic year.

School overview

Detail	Data
Number of pupils in school	328
Proportion (%) of pupil premium eligible pupils	22
Academic year/years that our current pupil premium strategy plan covers (3 year plans are recommended)	2021-2024
Date on which it will be reviewed	9.12.22
Date this statement was published	17.12.22
Date on which it will be next reviewed	December 2023
Statement authorised by	SSB
Pupil premium lead	Matthew Custance
Governor / Trustee lead	Harriet Johnson

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£101,105
Recovery premium funding allocation this academic year	£10,585
Pupil premium (and recovery premium*) funding carried forward from previous years (<i>enter £0 if not applicable</i>) <i>*Recovery premium received in academic year 2021 to 2022 can be carried forward to academic year 2022 to 2023. Recovery premium received in academic year 2022 to 2023 cannot be carried forward to 2023 to 2024.</i>	£0
Total budget for this academic year <i>If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year</i>	£111,690

Part A: Pupil premium strategy plan

Statement of intent

PUPIL PREMIUM KEY PRINCIPLES

1. We have a commitment to raise achievements for pupils who are eligible for Pupil Premium and we know that these pupils must make quicker progress than non-eligible pupils and we are determined to achieve this.
2. We never confuse eligible pupils with low ability and strives to 'bring out the best' in this group of pupils and support them to achieve the highest levels.
3. We create an overall package of support aimed to tackle the range of barriers including; attendance, behaviour, external factors, professional development focussing on improving outcomes for eligible pupils, improving the quality of teaching and learning, language acquisition, parental engagement, opportunities for first-hand experiences and development of literacy and numeracy skills.
4. We use assessment systems to track progress and enable thorough analysis of data (Reading, Writing and Maths) to identify pupils who are under achieving and why.
5. We direct resources and interventions to accelerate progress of eligible pupils and close the attainment gap compared to their peers.
6. We use data to carefully track the impact of targeted spending (interventions, projects or pedagogy) on attainment and progress of eligible pupils.
7. The Headteacher has a clear overview of how funding is allocated and the difference it is making to the outcomes of pupils termly.
8. We ensure class teachers, phase leaders and subject leaders know which pupils are eligible for Pupil Premium so they can take responsibility for accelerating progress and accountability is shared across the academy.
9. The SSB is ambitious for pupils and closely monitors the academy's effectiveness in closing the gap between different groups of pupils. A review is conducted at the end of each academic year.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	<p>A lack of vocabulary and language skills due to limited use of English outside of school can lead to a slower rate of progress than non-PP pupils.</p> <p>There must be a robust approach to consistently improving the quality of targeted teaching of PP pupils to enable maximum opportunities for language development.</p> <p>School leaders must observe an increase in the percentage of Pupil Premium pupils attaining expected levels in reading, writing and maths. The gap between school non-PP and PP pupils must be closed.</p>
2	<p>Limited access to additional support at home may lead to a disparity in outcomes between PP and non-PP children.</p> <p>Teachers must monitor the learning at school and at home very carefully and strategically track pupils via the data sets and 'book looks'. Pupils with limited progress can access additional support at school and leaders must be able to call upon case studies demonstrating pupil making rapid progress across an academic year.</p>
3	<p>Low attendance, poor punctuality and potential 'school refusers' may lead to further gaps between PP and non-PP children.</p> <p>Staff will work on bespoke 1:1 basis with families to ensure that they receive the support they need and the school understands the barriers to good attendance. School refusers will be offered ELSA sessions and a more individualised approach e.g. entering school via a entrance of their choice. External referrals will be made when required,</p> <p>Family Learning sessions, PTA events, Teacher & Parent Meetings and other school-based parent and child events must be monitored carefully with a targeted approach in place for some PP families ensuring that they feel part of the school community.</p>
4	<p>Parental ill health, physical and mental instances of a family breakdown, ill health, bereavement, domestic violence etc. can have a detrimental impact on the emotional wellbeing of pupils and their ability to make progress academically, socially and emotionally. Pupils in affected families must make expected progress with the right support in place e.g. tailored classroom/teacher support or ELSA sessions.</p>

5	<p>Limited access to physical resources and spaces at home for some pupils may have an impact of their development of fine and gross motor skills.</p> <p>Increased opportunities for physical development through additional activities and club sessions must be place with parents aware of the approach and strategies in place. Uptake in additional clubs must be high and interventions in the classroom must be consistent.</p>
---	--

Intended Outcome & Success Criteria

This explains the outcomes we are aiming for by the end of our current strategy plan, and how we will measure whether they have been achieved.

Intended outcome	<u>Success criteria (underlined)</u>
<p>PUPIL PREMIUM GRANT FOCUS 2021/22 to 2024/25</p> <p>The SLT have discussed the PPG focus in depth taking into consideration the barriers our PP children face both before and during the pandemic. We will ensure those children facing barriers to educational achievement are supported in the following ways:</p> <ul style="list-style-type: none"> • Focus on oracy within the curriculum. • Focus on social, emotional and behaviour. • Focus on enrichment beyond the curriculum. • Focus on families / community <p>PUPIL PREMIUM TIERED APPROACH 2021/22 to 2024/5</p> <p>1. HIGH QUALITY TEACHING</p> <ul style="list-style-type: none"> • Spending on improving teaching might include professional development, training and support for early career teachers and recruitment and retention. • Ensuring an effective teacher is in front of every class, and that every teacher is supported to keep improving, is the key ingredient of a successful school and should rightly be the top priority for Pupil Premium spending. Teachers must know who their PP pupils are and how to support them so that they make rapid progress and attain well relative to their respective baselines. <p><u>The quality of teaching and learning (implementation & impact) will be consistently ‘good+’ as assessed by the Senior Leadership Team.</u></p> <p><u>ECTs must demonstrate rapid progress in the Teachers’ Standards.</u></p>	

Pupils make expected or better than expected progress from their respective baselines in the core subjects.

2. TARGETED ACADEMIC SUPPORT

- Evidence consistently shows the positive impact that targeted academic support can have, including on those who are not making good progress across the spectrum of achievement.
- Considering how classroom teachers and teaching assistants can provide targeted academic support, including how to link structured one-to-one or small group intervention to classroom teaching, is likely to be a key component of an effective Pupil Premium strategy.

The impact of the wider academic support will be evidenced clearly within quantifiable data and triangulated with 'book looks', Pupil Progress Meetings and appropriate senior and middle leader action plans.

3. WIDER STRATEGIES

- Wider strategies relate to the most significant non-academic barriers to success in school, including attendance, behaviour and social and emotional support.
- While many barriers may be common between schools, it is also likely that the specific features of the community each school serves will affect spending in this category.

Pupil and parent voice will overwhelmingly positive and support the inclusive strategies which have been implemented.

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium) funding this academic year to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 40,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Leadership allocation of time - impact including staff development opportunities and an explicit focus on the Quality of Education</p>	<p>Middle Leadership allocation of PP leadership will enable a 'ground level' approach to what is best for our pupils, the impact spending is having on outcomes and to ensure the approach is the right one for our contextual needs.</p> <p>Additional leadership capacity is allocated to support teachers who are either ECTs or new to the school and a focus on daily improvements to teaching and learning will ensure all pupils flourish and receive an educational approach which is right for them (SLT and MLT allocated time).</p> <p>Opportunities for targeted staff to be trained in our phonics and writing schemes.</p> <p>Teaching Assistants will be trained to run interventions focussing on individual areas of the core curriculum to ensure the gap is narrowed.</p> <p>Targeted CPD provided by the MLT and SLT teams is proven to have a direct impact on teaching and learning within the classroom as indicated by our tracking tool for assessing staff in the Teachers' Standards.</p>	<p>1, 2, 3, 4</p>

Targeted academic support (for example, tutoring, one-to-one support, structured interventions)

Budgeted cost: £ 40,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Unqualified Teacher Salary (0.2) combined with an externally sourced teacher to cover wider curriculum subjects whilst the class teacher leads targeted intervention groups for PP children.</p>	<p>Targeted interventions from an unqualified teacher and the class teacher will ensure PP pupils close the gap in the core subjects (especially in Writing & Reading for KS2 pupils).</p>	<p>1, 2, 3, 4</p> <p><i>Further notes:</i></p> <p>PP children are assessed regularly and Pupil Progress Meetings will enable leaders to check on their progress from their respective baselines.</p>
<p>Small group or 1:1 support</p> <p>External teachers will be sourced so that they can teach the majority of the class for scheduled times throughout the year. The class teacher is then released to provide targeted support to PP pupil with an specific link to the areas outlined on page 10 including (but not limited to):</p> <p>Current Y5 Maths</p> <p>Current Y6 Reading</p>	<p>Targeted interventions from additional teachers or teaching assistants will ensure PP pupils close any academic gaps as identified by the class teachers. Pupils will receive extra support throughout the year on a 1:1 and small group basis.</p> <p>Please see the attached PP Action Plan for more details.</p>	<p>Teachers have observed progress being made across FS, KS1 and KS2 when pupils have engaged with focus activities within a small group. Progress has been clearly identified within the writing and maths books (observations made by leaders).</p> <p>Senior Leaders and Curriculum Leads will focus on the quality of teaching and learning to ensure that standards are consistently high and that the progress is carefully monitored. Any additional teachers from external sources are observed for quality of teaching and learning.</p>

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £ 31,690

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>ELSA Support & 1:1 Support for those pupils identified by the Head of Inclusion</p>	<p>Opportunities for targeted staff to be trained in ELSA support initiatives such as managing stress, anxiety and anger. A lack of concentration and focus in lessons can be an indication of another issue which needs to be resolved. An ELSA-trained TA enable the team to target those children and families who require further intensive support and provide a stronger link between home and school for those families whose level of engagement with the school is lower than others.</p> <p>1:1 support is provided for those PP pupils who have an identified barrier to their social and emotional development.</p> <p>Observed evidence of improved behaviour from identified pupils. Pupil voice will be used where appropriate. Evidence of more positive behaviour during break times from identified pupils. Pupil voice will be used where appropriate.</p> <p>Individual pupils, as identified by the Head of Inclusion, are receiving weekly support and intervention sessions. Emotional and social well-being cannot be quantified in this instance but pupils voice clearly indicates a clear sense of positivity and an appreciation of the consistent approach.</p> <p>A senior leader has been allocated to focus on the quality of provision to ensure that standards are consistently high and that the progress is carefully monitored. Any additional or reallocated teachers or teaching assistants are observed for the quality of pastoral care and support. The opinions of the parents will also be obtained throughout the Summer Term.</p>	<p>1, 2, 3, 4</p>
<p>Financial, Attendance & Well-being Support</p>	<p>We offer some financial support to students of low income families. This support package can include:</p> <ul style="list-style-type: none"> • uniform vouchers • one after school club every week • well-being support from Senior Leaders • milk • school lunches 	<p>3, 4 & 5</p> <p><i>Further notes:</i></p> <p>Pupils who receive PP are fully integrated into the life of school and there are</p>

	<ul style="list-style-type: none"> • breakfast clubs • childcare* • school trips • music tuition and opportunities for some pupils to join the Wandsworth Music Academy. <p>*We offer opportunities for limited wraparound care (Play Professionals) if parents are working and require support with childcare. This can also be offered if parents are looking to gain work experience or qualifications for the future.</p> <p>Senior leaders, with support from the Office Team, will help parents to ensure their child(ren) are in school, and are on time, every day. This may include staff going to collect the child if the parent is unable to bring the child into school.</p>	<p>no barriers to any learning opportunities.</p> <p>Our school has always had a clear focus on inclusion. We want all members of our community to feel supported. No child should feel excluded from school life under any circumstances especially those relating to their own family and their financial situation. Our support package helps families to feel included within the community and gives them opportunities to build a sustainable future for themselves and their child(ren).</p> <p>PP children are assessed regularly and Pupil Progress Meetings will enable leaders to check on their progress from their respective baselines.</p> <p>Attendance is regularly monitored by the Headteacher and senior leaders. Parents are kept up to date with attendance percentages, patterns and targets for the future.</p>
--	---	---

Total budgeted cost: £ 111,690

Part B: Review of the previous academic year

Outcomes for disadvantaged pupils 2021-22

No 'in school' barriers to learning opportunities as assessed by Senior Leaders.

Additional opportunities for PP pupils to catch up using additional teachers when the school was open. A full time teacher was allocated to PP children from Spring 2 to Summer 2.

Attendance improved for PP pupils during the course of 2021-22:

Aut: 93.6%

Spr: 94%

Sum: 94.2%

The school received progress checks for PP pupils in phonics, KS1 data and KS2 assessments. All PP pupils continued to make good progress from their respective baselines and a targeted Pupil Premium Action Plan was approved to tackle any gaps.

PP Data Headlines for 21-22

Phonics: 4 out of the 7 PP pupils achieved the expected standard

KS1: 4 out of the 7 PP pupils achieved the expected combined standard

KS2 Progress Measures: The average progress made by a Y6 PP pupil was above in Reading and Maths. They made below average progress in Writing.

PP Data: Final teacher assessments for 21-22 compared to national data collated via the same assessment system demonstrated strengths in the following areas:

Y2 Maths Data +14% vs LA

Y6 Combined Data +16% vs LA

Y6 Writing Data +20% vs LA

Areas for development include:

Y3 Combined Data -10% vs LA

Y4 Maths Data -14% vs LA

Y5 Reading Data -20% vs LA

Further information (optional)

The school approach to teaching and learning ('The Floreat Wandsworth Way') is used for all pupils (including those who receive Pupil Premium). This approach was implemented in Autumn 2022 and supports the staff to have one shared pedagogical approach in the way we help pupils to learn and thrive in the classroom.
