Dear Families,

Next week we will be learning about the Queen and exploring our creativity in our Character learning. We would love your child to demonstrate their creativity by drawing or creating a model of Buckingham Palace or Windsor Castle to display in our classrooms.

We understand this is a larger task than usual and you may need time to gather materials if you wish to create a model. Therefore, the deadline for this homework is Friday 27<sup>th</sup> March.#

Below are some examples of models for inspiration. If you would prefer to draw, we have included a drawing frame. Please be as creative and imaginative as you would like!

**Home Learning**

Please circle the colour that describes your home learning experience for this challenge.  
This will help the teacher to know how you did with your home learning.

→ I completed this challenge with the help of my grown-up.

→ I did most of this challenge by myself. I did need to ask my grown-up for some help. I have circled the questions that I needed help with.

→ I completed the whole challenge independently. This means I did it by myself without any help.
